1. VOTING

YOUR VOTE IS IMPORTANT

The business of the Extraordinary General Meeting affects your shareholding and your vote is important.

VOTING AT THE MEETING (VIA LUMI)

Due to the COVID-19 pandemic and the restrictions on social gatherings and social distancing measures the Government has implemented, the Company is unable to hold the Extraordinary General Meeting in person this year.

Instead, we invite you to attend our Extraordinary General Meeting wherever you are in the world via Lumi (<https://web.lumiagm.com/313185158>). If you choose to participate online you will be able to view a live webcast of the meeting, ask the Director's questions online and submit your votes in real time.

(Please note: if you have multiple holdings you will either need to log into Lumi under each SRN or HIN to vote live in the meeting, or cast your vote on other holdings ahead of the meeting via www.investorvote.com.au or by returning your proxy form before 8:00am on 10 January 2021).

APPOINTING A PROXY

A Shareholder who is entitled to attend and vote at the Extraordinary General Meeting may appoint a proxy to attend and vote at the Meeting on their behalf. A proxy does not need to be a Shareholder. **As your proxy (excluding the Chair) may not be able to attend the Meeting, the Company strongly recommends that if you wish to appoint a proxy to the Meeting, that you appoint the Chair.**

If a Shareholder is entitled to cast two or more votes at the Meeting, the Shareholder may appoint two proxies and may specify the percentage or number of votes each proxy can exercise. If the proxy form does not specify the percentage or number of the Shareholder's votes that each proxy may exercise, each proxy may exercise half of the Shareholder's votes on a poll. Fractions will be disregarded.

In light of COVID-19 restrictions, you or your proxy (excluding the Chair) will not be able to attend the Meeting in person.

Nevertheless, the Directors strongly encourage Shareholders to continue to participate in the Meeting and engage with the Board by:

1. lodging a proxy form in advance of the Meeting by following the instructions set out in the Notice;
2. lodging questions in advance of the Meeting by emailing questions to info@australgold.com;

An appointment of corporate representative form may be obtained from Computershare by online at: <https://www-au.computershare.com/Investor/help/printableforms>

VOTING BY NON-REGISTERED SHAREHOLDERS IN CANADA

Only Registered Shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. Most Canadian Shareholders are “non-Registered” or “beneficial” Shareholders (**Non-Registered Shareholders**) because the Shares they own are not Registered in their names but rather, are instead Registered in the name of the brokerage firm, bank or trust company through which they purchased the Shares.

Shares beneficially owned by a non-Registered Shareholder are Registered either:

- (a) in the name of an intermediary (**Intermediary**) that the non-Registered Shareholder deals with in respect of the Shares; or
- (b) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc. (**CDS**)) of which the Intermediary is a participant.

In accordance with applicable securities law requirements, the Company will have distributed copies of the Meeting Materials, by mail or electronically, to the clearing agencies and Intermediaries for distribution to non-Registered Shareholders. Intermediaries are required to forward the Meeting Materials to all non-Registered Shareholders unless a non-Registered Shareholder has waived the right to receive them. Intermediaries often use service companies to forward the Meeting Materials to non-Registered Shareholders.

Generally, non-Registered Shareholders who have not waived the right to receive Meeting Materials will either:

1. be given a voting instruction form which is not signed by the Intermediary and which, when properly completed and signed by the non-Registered Shareholder and returned to the Intermediary or its service company, will constitute voting instructions (often called a **Voting Instruction Form**) which instructions the Intermediary must follow. Typically, the Voting Instruction Form will consist of a one-page pre-printed form. The majority of brokers delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (**Broadridge**) in Canada and the United States. Broadridge typically prepares a machine-readable Voting Instruction Form, mails those Voting Instruction Forms to non-Registered Shareholders and asks non-Registered Shareholders to return the Voting Instruction Forms to Broadridge or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of the Shares held by the Intermediary on behalf of those non-Registered Shareholders to be represented at the Meeting, and who are the beneficial owners of those Shares. Sometimes, instead of the one-page pre-printed Voting Instruction Form, the Voting Instruction Form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label with a bar-code and other information. For this form of proxy to validly constitute a Voting Instruction Form, the non-Registered Shareholder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company. A non-Registered Shareholder who receives a Voting Instruction Form cannot use that form directly to vote his or her Shares at the Meeting;

OR

2. be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of Shares beneficially owned by the non-Registered Shareholder but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the non-Registered Shareholder when submitting the proxy. In this case, the non-Registered Shareholder who wishes to submit a proxy should properly complete the form of proxy and deposit it with Computershare Investor Services, 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1, Canada.

In either case, the purpose of these procedures is to permit non-Registered Shareholders to direct the voting of the Shares that they beneficially own. Should a non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting, or any adjournment(s) or postponement(s) thereof, (or have another person attend and vote on behalf of the non-Registered Shareholder), the non-Registered Shareholder should strike out the persons named in the voting instruction form and insert the name of the non-Registered Shareholder or such other person's name in the blank space provided.

In either case, non-Registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and where the Voting Instruction Form is to be delivered.

A non-Registered Shareholder may revoke a Voting Instruction Form or a waiver of the right to receive Meeting Materials and to vote at the Meeting which has been given to an Intermediary at any time by written notice to the Intermediary provided that an Intermediary is not required to act on a revocation of a Voting Instruction Form or of a waiver of the right to receive Meeting Materials and to vote, which is not received by the Intermediary **at least seven (7) days prior to the proposed time and date of the Meeting**. Non-Registered Shareholders fall into two categories, namely:

- (a) those who object to their identity being made known to the issuers of securities which they beneficially own (**Objecting Beneficial Owners** or **OBOs**); and
- (b) those who do not object to their identity being made known to the issuers of the securities they beneficially own (**Non-Objecting Beneficial Owners** or **NOBOs**).

The Company is not sending Meeting Materials directly to the OBOs and NOBOs. The Company will send the Meeting Materials through Intermediaries and agents of Intermediaries, to the OBOs and NOBOs.

3. VOTING EXCLUSION STATEMENTS

For the definitions of Closely Related Parties, please refer to Section 5 - **Glossary**.

The Corporations Act restricts members of the KMP of the Company and their Closely Related Parties from voting in relation to the matters that are the subject of a Resolution.

What this means for Shareholders

If you intend to appoint a member of the KMP (other than the Chairman of the Meeting) as your proxy, please ensure that you direct them how to vote on each Resolution. If you do not do so, your proxy **will not be able to vote on your behalf** in respect of any Resolution.

If you intend to appoint the Chairman of the Meeting as your proxy (and you are not a KMP or a Closely Related Party), you are encouraged to direct the Chairman how to vote by marking a box for each Resolution (for example if you wish to vote for, or against, or to abstain from voting). If you appoint the Chairman as your proxy without directing him how to vote on a Resolution where he is a related party, the Chairman **will not be able to vote on your behalf** in respect of that Resolution.

However, the Company will not disregard a vote cast by the Chairman of the Meeting where it is in accordance with a direction on the proxy form to vote as the proxy decides. The Chairman of the Meeting intends to vote in favour of all Resolutions (where permissible). If you do not want your vote exercised in favour of any particular Resolution or Resolutions, you should direct the Chairman of the Meeting to vote “against”, or to abstain from voting on that or each such Resolution.

The Company will disregard votes cast on a Resolution by the persons detailed in the table below.

Table 2 – 10 years VWAP share price

At a meeting on 29 July, 2020, the Board acknowledged and discussed that a significant number of public companies listed on the ASX and the TSXV (the Company's securities being listed on both those exchanges) have successfully operated some form of equity compensation plan for many years. Accordingly, at that meeting, the Board approved the major terms of the SIP. A copy of the SIP later approved by the Board accompanies this Notice of Meeting. However, the implementation of the Plan is subject to approval by the Company's shareholders, in accordance with the relevant rules and policies of the ASX and TSX-V.

On 12 August, 2020 the Company issued a release to the ASX in connection with the adoption of the Plan, specifying that the exercise price of the Options that are proposed to be issued under the SIP would be A\$0.20, as the most recent closing price for a Share as quoted on the ASX prior to the Board's adoption of the Plan was A\$0.21 per Share. In that ASX release, it was also stated the Company intends to grant an aggregate of approximately 17,000,000 options and restricted stock units, with those restricted stock units being issued subject to certain resale restrictions. The Company acknowledges that the Company's current share price (as of 24 November 2020) is lower than A\$0.20, however, wishes to reiterate that the exercise price was previously determined and announced. The Company intends to grant a total of 13,200,000 options of which 9,500,000 options are to be granted to the Directors of the Company and 3,700,000 options are to be granted to employees of the Company. In addition, the Company intends to issue 4,000,000 restricted shares to Senior Management, including the Company's Chief Executive Officer, Vice-President of Operations, Vice-President of Exploration, and Chief Financial Officer. The issuance the restricted shares will be issued outside of the SIP.

As at the date of this Document AGD has 566,065,407 Shares on issue. Pursuant to the shareholder approval that will be sought for the SIP, it is proposed that a maximum of 5% of the Company's issued share capital is issued pursuant to the SIP, which is a common threshold for employee incentive schemes adopted by ASX listed entities.

On 29 September, 2020, the TSXV advised the Company that, because the majority of the Company's Shares trade on the ASX, TSXV would defer to the policy requirements under the ASX listing rules and policies with respect to stock incentive plans. In addition, TSXV asked that the Company obtain shareholder approval of the SIP, Accordingly, shareholder approval for the SIP is being sought for the purposes of the TSXV approval and the ASX Listing Rules, and separately, shareholder approval for the specific grants to the Directors are being sought under this Notice, as required by ASX Listing Rules 10.11 and 10.14 (as applicable).

Rationale for the Plan

The Board believes that the Plan will:

- (a) encourage Participants to focus on creating value for Shareholders;
- (b) link reward with the achievement of long-term performance in the Company;
- (c) encourage Participants to remain with the Company by providing them with the opportunity to hold and benefit from a financial stake in the Company; and
- (d) assist in the Company attracting high calibre employees.

The Rules of the Plan

Participants – as that term is defined in the Glossary - who are selected by the Board or the Plan Committee, will be eligible to participate in the Plan. In accordance with the terms of an offer as set out in a Letter of Offer (see Annexure B to the Rules) (each an **Offer**), each Participant will be offered Options and/or Restricted Stock Units under the provisions of the Rules.

Options

Participants will be entitled to exercise any of the Options that they hold at any time during the exercise period applicable to those Options, subject to the terms as stated in the applicable Letter of Offer. The Company will apply for the Official Quotation of all Shares issued as a result of the exercise of an Option, on both the ASX and the TSX-V.

Each Share issued and allotted on the exercise of any Option granted under the Plan will rank pari passu in all respects with all other Shares previously issued, whether or not under this Plan, and in particular, will entitle the holders of those Shares to participate fully in:

- (a) all dividends declared by the Company after the date of allotment of such Share; and
- (b) all issues of securities made or offered pro rata to Shareholders after the date of allotment of such Share.

Restricted Stock Units

In addition or as an alternative to the offer and issue of Options under the Plan, the Board or Plan Committee may offer to a Participant, the issue of Restricted Stock Units. Once issued, the Participant that receives and holds Restricted Stock Units will:

- (a) hold the Restricted Stock Units for the duration of the applicable Restriction Period;
- (b) not seek to Convert any Restricted Stock Unit unless and until all of the Conversion Conditions attaching to that Restricted Stock Unit have been performed or otherwise satisfied or, in its absolute discretion, waived by the Board or Plan Committee; and
- (c) accept, in consideration of the Disposal of a Restricted Stock Unit upon and as a consequence of the Conversion of a Restricted Stock Unit into a Share, either, and as determined by the Plan Committee:
 - (i) the issue of a Share or Shares in the name of the Participant;
 - (ii) a cash payment to the Participant that is equal to the product of the number of Shares that would have otherwise been issued to the Participant and the VWAP of a Share, as determined at the date of Conversion; or
 - (iii) a combination of the two forms of consideration referred to in sub-paragraphs (c)(i) and (c)(ii) immediately above.

The terms and conditions upon which the Options and/or Restricted Stock Units referred to above are proposed to be issued upon adoption of Resolution 1, may not be the same as the terms and conditions upon which the Company may elect to offer and issue other Securities under the Rules at any any subsequent time.

Buyback Event

Upon the occurrence of a Buyback Event – as that term will be specified in a Letter of Offer to a Participant - and in respect of the number and class of Securities specified in the provisions of that Letter of Offer or Restricted Offer, that Participant will be required to Dispose or if applicable procure the Disposal by its Authorised Nominee, of those Securities as directed by the Company and otherwise in accordance with the provisions of that Letter of Offer and the Rules.

Holding Lock Period

Upon acceptance of an Offer of an Option and/or a Restricted Stock Unit, the relevant Participant will be deemed to have agreed that the provisions of a Holding Lock, if specified as being applicable in the terms of the Offer, will apply to any and all Shares issued as a result of the exercise of that Option or the Conversion of that Restricted Stock Unit. Those provisions will include:

- (a) the Holding Lock will be for a period that expires on and includes the first anniversary of the date of issue of the Shares or such other period as may be determined by the Plan Committee (**Holding Lock Period**);
 - (b) for the duration of the Holding Lock Period:
 - (i) all Shares issued under the Plan will not be capable of being Disposed of, provided that the Plan Committee may provide in the Letter of Offer applicable to any Share, that the relevant Participant may Dispose of a certain percentage of the Shares on a monthly or quarterly basis during the Holding Lock Period, and on such other terms and conditions as are specified in the applicable Letter of Offer;
 - (ii) the Participant who holds those Shares may not create any Security Interest over or in respect of any of those Shares (other than a Security Interest in favour of the Company or as agreed to in writing by the Plan Committee);
 - (iii) each Participant:
 - A. agrees that all of those Shares will be subject to a Holding Lock for the duration of the applicable Holding Lock Period;
 - B. undertakes to participate in and comply with the provisions of any escrow arrangements that the Plan Committee determines is required or appropriate in order to ensure that the Participant complies with the provisions of the applicable Holding Lock; and
 - C. undertakes to comply with the provisions of the Holding Lock and not request removal or variation of the terms or conditions of that Holding Lock,
- other than in circumstances contemplated in Annexure A of the Rules; and

- (iv) the Company may implement any procedure it considers appropriate to restrict the Participant from Disposing of or otherwise dealing with any Shares while the Holding Lock is in place.

Financial Assistance

Subject to the requirements of any Applicable Law, the Company may provide financial assistance to a Participant in connection with the issue or exercise of any right attaching to a Security, or a class of a Security under the Plan.

Rights of Participants

The Rules:

- (a) do not confer on any Participant who is an Employee the right to receive any Security, other than as expressly provided for in accordance with these Rules;
- (b) do not confer on a Participant the right to continue as an Employee or otherwise affect any of the terms and conditions upon which an Employee is and continues to be employed by any member of the Group;
- (c) do not affect any rights which any member of the Group may have to terminate the employment or engagement of a Participant;
- (d) may not be used to increase damages in an action brought against any member of the Group in respect of that termination.; and
- (e) do not confer on a Participant any right to attend or vote at general meetings of the Shareholders or of any other shareholders of any member of the Group.

Shareholders are advised that the above is a summary of the material provisions of the Rules. It does not purport to be a complete analysis of the Rules. A copy of the complete Rules accompanies this Notice of Meeting. Shareholders are advised to read it in full, before voting on any of the Resolutions. If in doubt about the meaning or effect of any of the Rules, it is recommended that the Shareholder seeks advice from an accountant, solicitor or other professional advisor.

2. APPLICABLE APPROVAL REQUIREMENTS UNDER ASX LISTING RULES AND CORPORATIONS ACT

Approval for the purposes of the ASX Listing Rules

(a) Listing Rule 7.1

A listed company must not issue or agree to issue equity securities exceeding 15% of its ordinary securities on issue in the previous 12 months unless it obtains the approval of its shareholders (**15% Rule**). An exception to Listing Rule 7.1 is that any issue under an employee incentive scheme within three years of the scheme being approved by members will not be counted when determining whether the 15% limit has been exceeded (Exception 13 in Listing Rule 7.2).

Accordingly, Shareholders are asked to give the Board approval to operate the Plan so that any Shares or Securities convertible into a Share, such as a Restricted Stock Unit, that are issued under the Plan, are excluded from an application of the 15% Rule.

(b) Listing Rule 10.11

Listing Rule 10.11 provides that unless one of the exceptions in Listing Rule 10.12 applies, a listed company, must not issue equity securities to persons in a position of influence without the approval of shareholders.

The Board proposes to invite a Director to subscribe for 1,000,000 Restricted Shares, and therefore seeks Shareholder approval for the proposed issue under ASX Listing Rule 10.11.

(c) Listing Rule 10.14

Listing Rule 10.14 provides that an entity must only allow Directors or their associates to acquire securities under an employee incentive scheme with the approval of shareholders and provided the Notice of Meeting complies with the requirements set out in ASX Listing Rules 10.15 or 10.15A.

The Plan is an employee incentive scheme for the purposes of the ASX Listing Rules.

The Board proposes to invite each of the Directors referred to above to acquire Options under the Plan, and therefore seeks Shareholder approval to that proposed invitation under ASX Listing Rule 10.14.

Approval for the purposes of the Corporations Act

(d) Financial benefit to a related party

The Directors consider that the participation by each of the Directors in the Plan constitutes the giving of a “financial benefit” to a related party of the Company under the provisions of Chapter 2E of the Corporations Act. Accordingly, the Board has decided to seek the requisite approval of Shareholders in accordance with the requirements under Section 208 of the Corporations Act.

(e) Employee share scheme buy-back

Section 257B(1) of the Corporations Act sets out the procedure for various forms of share buy-back, including an ‘employee share scheme buy-back’. In order for the Company to undertake a buy-back of Shares under the SIP (eg in situations where Shares are forfeited by Participants in accordance with their terms of issue) using the employee share scheme buy-back procedure under the Corporations Act, the SIP must be approved by shareholders.

Accordingly, shareholders are asked to approve the SIP in order for the Company to undertake a buy-back of Shares under the SIP using the employee share scheme buy-back procedure.

(f) Enable the Company to take security over its own shares

Section 259B(1) of the Corporations Act prohibits a company taking security over shares in itself or in a company that controls it, unless one of the exceptions in subsections 259B(2) or 259B(3) applies. Section 259B(2) provides that a company may take security over shares in itself under an employee share scheme that has been approved by a resolution passed at a general meeting of the company.

(g) Financial assistance

Section 260A of the Corporations Act provides that a company may financially assist a person to acquire shares in the company or a holding company of the company only if:

- giving the assistance does not materially prejudice the interests of the company or its shareholders or the company's ability to pay its creditors; or
- the assistance is approved by shareholders under section 260B; or
- the assistance is exempted under section 260C.

Typically, such financial assistance would take the form of loans to Participants, which would be interest and fee free and made on a limited recourse basis.

Section 260C of the Corporations Act provides for certain specific instances of exempted financial assistance, including a special exemption for employee share schemes that have been approved by a resolution passed at a general meeting of the company (section 260C(4)).

Whilst the Board does not believe that the provision of financial assistance to Participants to enable them to participate in the SIP would materially prejudice the interests of the Company or its Shareholders or the Company's ability to pay its creditors, the Board has recommended that the Shareholders approve the Plan for a number of purposes, including to ensure that the Plan qualifies for the special exemption under section 260C(4) of the Corporations Act.

(h) Approval of potential termination benefits

Section 200B of the Corporations Act restricts the benefits that can be given to persons who hold a ‘managerial or executive office’ (as defined in the Corporations Act) on leaving their employment with a company. Specifically, a company may only give a person a benefit in connection with them ceasing to hold a managerial or executive office in the company if the benefit is approved by shareholders or an exemption under the Corporations Act applies.

The term ‘benefit’ has a wide meaning and may possibly include benefits resulting from the Board exercising discretions under the Rules when a Participant ceases to be employed by the Company.

Specifically, where a Participant has ceased their employment before their Shares have vested, the Board may in certain circumstances exercise its discretion to determine that some or all of the Shares will vest (and determine the basis on which vesting will occur), having regard to the relevant performance hurdles at the time the Participant's employment ceases. The exercise of these discretions may constitute a ‘benefit’ for the purposes of section 200B of the Corporations Act.

The Board, therefore, seeks Shareholder approval for the exercise of the Board's discretion in respect of any Participant in the Plan who holds:

- a managerial or executive office in the Company at the time of cessation of their employment or at any time in the preceding three years; and

- unvested Shares under the Plan at the time of cessation of their employment.

Provided Shareholder approval is given, the value of these benefits will not be counted towards the cap in the termination benefits that can be given to a Participant without Shareholder approval.

The Plan Committee does not, however, have discretion to vest any Shares if the Participant is a 'Bad Leaver' under the rules of the Plan. The Plan Committee will determine if a Participant is a Bad Leaver, which could include a person who has been dismissed for fraudulent or dishonest behaviour, who has engaged in grave misconduct or recklessness in the discharge of their duties, or who has committed any serious breach of their employment agreement. In those circumstances, the Participant's unvested Shares will be automatically forfeited.

The Plan Committee is only permitted to exercise this discretion in a 'Good Leaver' or a 'Leaver' scenario. The Plan Committee will determine if a Participant is a Good Leaver, which could include a person whose employment ceases in certain defined circumstances such as redundancy, retirement by agreement of the Board, death, ill-health or permanent disability. If the Plan Committee determines that a Participant is neither a Good Leaver nor a Bad Leaver, they will be considered a Leaver.

The value of the termination benefits that the Board may give under the Plan cannot be determined in advance. This is because various matters will or are likely to affect that value. In particular, the value of a particular benefit will depend on factors such as the Company's share price at the time of vesting and the number of Shares that the Board decides to vest.

The following additional factors may also affect the benefit's value:

- the Participant's length of service and the portion of any relevant performance periods that have expired at the time they cease employment;
- the Participant's total fixed remuneration at the time grants are made under the Plan and at the time they cease employment; and
- the number of unvested Shares that the Participant holds at the time they cease employment.

3. **RESOLUTION 1 - ADOPTION OF AUSTRAL GOLD LIMITED STOCK INCENTIVE PLAN**

As set out in paragraph 1 above, the Board proposes to adopt a new employee incentive scheme known as the Austral Gold Limited Stock Incentive Plan (**SIP and Plan**), pursuant to which Options and/or Restricted Stock Units may be offered to selected directors and employees of the Company.

The rationale, key features and material terms of the SIP is set out in paragraph 1 above.

A full copy of the Rules of the Plan can be accessed in Annexure B of this Notice of Meeting.

Relevant parts of the Corporations Act which may be impacted by the Plan is set out in paragraph 2 above.

ASX Listing Rules

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

If this Resolution is approved by Shareholders for all purposes under the Corporations Act and the ASX Listing Rules, including ASX Listing Rule 7.2 (exception 13(b)), it will have the effect of enabling the securities issued by the Company under the Incentive Plan to be automatically excluded from the formula to calculate the number of securities which the Company may issue in any 12 month period using Listing Rule 7.1 (**15% capacity**) during the next three year period.

If this Resolution is not approved by Shareholders, the Company will not adopt the SIP, and the Options will not be issued.

In accordance with the provisions of ASX Listing Rule 7.2 (exception 13(b)), the Company advises that:

- (a) A summary of the material terms of the SIP is set out in paragraph 1 above. Furthermore, as a matter of completeness and disclosure, a full copy of the Rules of the Plan can be accessed in Annexure B of this Notice of Meeting.
- (b) This is the first time that shareholder approval is being sought for the adoption of the SIP. Accordingly, no equity securities have yet been issued under the SIP.
- (c) The maximum number of equity securities proposed to be issued under the SIP following approval of Resolution 1 is 5% of the issued capital as of the date of this Notice, being 28,303,270 as of 12 November, 2020 (for the purposes of ASX Listing Rule 7.2 (exception 13(b))). This is simply

a maximum number, and does not in any way indicate an intention to exhaust this amount during the next three year period.

- (d) A Voting Exclusion Statement relating to this Resolution is provided in Section 3 above.

Board Recommendation: The Directors recommend that Shareholders vote for Resolution 1

4. **RESOLUTIONS 2 TO RESOLUTION 8 (INCLUSIVE) – ISSUE OF SECURITIES TO RELATED PARTIES UNDER THE STOCK INCENTIVE PLAN**

The Company seeks to invite the following Participants (or their respective Authorised Nominees), subject to shareholder approval that are sought under Resolutions 2-8 of this Notice, to participate in the SIP by subscribing for the following Options:

Proposed Recipient	Options

Information required by ASX Listing Rules

Listing Rule 10.14 provides that a listed company must not permit any of the following persons to acquire securities under an employee incentive scheme:

- (a) a director of the Company;
- (b) an associate of a director of the Company; or
- (c) a person whose relationship with the Company or a person referred to in Listing Rule 10.14.1 or 10.14.2 is such that, in ASX's opinion, the acquisition should be approved by its shareholders,

unless it obtains the approval of its shareholders.

The proposed issue of Options under the SIP falls within Listing Rule 10.14.1 (a director of the Company) above and therefore requires the approval of the Company's shareholders under Listing Rule 10.14.

Resolutions 2-8 (inclusive) seeks the required shareholder approval to the proposed issue of Options and for the purposes of Listing Rule 10.14.

If Resolutions 2-8 (inclusive) are passed, the Company will be able to proceed with the proposed issue of Options under the SIP.

If Resolutions 2-8 (inclusive) are not passed, the Company will not be able to proceed with the proposed issue of Options under the SIP, and therefore, the Company may become less competitive when looking to secure and/or retain experienced directors.

In accordance with the provisions of ASX Listing Rule 10.15, the Company advises that:

- (a) It is proposed that, subject to the approval of Resolution 1, the following Participants each of whom are a Director, or their respective Authorised Nominees, will be offered the following number of Options under the Rules:

* Mr Kasaneva's remuneration is shown in equivalent USD paid in 2019 and is paid in Chilean pesos but with no foreign exchange adjustment clause. Mr. Kasaneva is also eligible for a performance bonus.

- (e) This is the first time that shareholder approval has been sought to adopt the SIP. Accordingly, no Securities have been previously issued to any of the above mentioned persons under the SIP.
- (f) A summary of the material terms of the Options are set out in Annexure A of this Notice of Meeting. The Company has decided to choose this type of equity security as it is unlisted (therefore has no immediate dilutionary impact on shareholders) and the terms can be structured to assist in aligning the interests of the holders with Shareholders of the Company..

The value that the Company attributes to each Option is provided in the table below (which was obtained from an independent valuation using the Black Scholes methodology):

	Tranche 1 Options	Tranche 2 Options	Tranche 3 Options

- (k) Details of all Securities issued under the Plan will be published in the annual report of the Company relating to the period in which they were issued, along with a statement that approval for the issue was obtained under Listing Rule 10.14.

- (l) A Voting Exclusion Statement relating to Resolutions 2-8 (inclusive) are provided in Section 3 above.

Information required by Corporations Act

Chapter 2E of the Corporations Act prohibits the Company from giving a financial benefit to a related party of the Company unless either:

- (a) the giving of the financial benefit falls within one of the exceptions to the provisions; or
- (b) Shareholder approval is obtained prior to the giving of the financial benefit.

The proposed issue of Options (which is a type of equity security, for the purposes of the ASX Listing Rules) constitutes the giving of a financial benefit.

A “related party” for the purposes of the Corporations Act and the Listing Rules is widely defined and includes a director of a public company, a spouse of a director of a public company or an entity controlled by a director of a public company. The definition of “related party” also includes a person whom there is reasonable grounds to believe will become a “related party” of a public company.

As each of the recipients are current Directors of the Company, each of them are a “related party” of the Company. Therefore, the proposed issue of Options to each of them requires Shareholder approval under Chapter 2E of the Corporations Act.

The following information in relation to the issue of the Options to each of the Directors are provided to Shareholders for the purposes of Chapter 2E of the Corporations Act:

Identity of the related party

- (a) The related parties to whom Resolutions 2 to 8 (inclusive) would permit the financial benefit to be given are each of the current Directors of the Company (as set out in the table above).

Nature of the financial benefit

- (b) The financial benefit is in the form of Options, which is a type of equity security (as defined by ASX Listing Rules), pursuant to the terms of the SIP, a type of employee incentive scheme.
- (c) A summary of the material terms of the Options are set out in Annexure A of this Notice of Meeting.
- (d) The Options will be issued for nil cash consideration. If and when the Options are exercised, any proceeds received from the exercise will be used for working capital and other operational expenses.
- (e) The Options are proposed to be issued to each of the Directors as part of their remuneration, which is not uncommon for Directors of listed entities to receive. The issue of incentive securities (such as Options) could be considered a cost effective and efficient reward, as opposed to alternative forms of incentives, such as additional cash payments. Accordingly, the issue of Options may assist the Company preserve its cash reserves.
- (f) The Company has not had any employee incentive scheme in place for the past 17 years. With this in mind, the quantum of Options was considered appropriate in light of the fact that the Directors have not been previously rewarded any incentives (under an employee incentive

scheme), and in light of each of the Directors experience, skill and role in the Company. The fair value of each tranche of Options is set out in the above table (on page 20).

Directors' recommendation and interest in the outcome

- (g) As Resolutions 2 to 8 (inclusive) relate to each of the current Directors' remuneration, given the potential conflict in the Directors making a recommendation on each other's remuneration, the Directors have refrained from making a recommendation in relation to these Resolutions.
- (h) Mr Elsztain has a material personal interest in the outcome of Resolution 2. Mr Zang has a material personal interest in the outcome of Resolution 3. Mr Vergara del Carril has a material personal interest in the outcome of Resolution 4. Mr Trzebski has a material personal interest in the outcome of Resolution 5. Mr Jarvis has a material personal interest in the outcome of Resolution 6. Mr Hubert has a material personal interest in the outcome of Resolution 7. Mr Kasaneva has a material personal interest in the outcome of Resolution 8.

Disclosure of Directors' total remuneration packages

- (i) Each of the Directors' current total remuneration is set out in the above table (on page 20).

Dilutionary effect to existing Shareholders' interest

- (j) The nature of the financial benefit are unlisted Options, which could be exercised to Shares of the Company. Accordingly, from the date of issue, and assuming that the Options remain unexercised, on an undiluted basis, the issue of Options to each of the Directors will not have any immediate dilutionary effect on existing Shareholders' interests.

Existing and potential relevant interests of related party

- (k) The following table sets out each of the current and potential relevant interests, in the event that Shareholder approval is obtained for Resolutions 2 to 8 (inclusive) of this Notice:

Notes

- These percentages are calculated on a fully diluted basis, based on the Company's current capital structure which consists of 566,065,407 Shares.
- These percentages are calculated on a fully diluted basis, based on the Company's projected capital structure (assuming that Shareholder approval is obtained for all Resolutions in this Notice) which is projected to consist of 570,065,407 Shares and 23,341,382 Options. These percentages sets out the projected holding if all of the Options are exercised, of which, there is no guarantee. Fully diluted shares includes an additional 3,000,000 Restricted shares to be issued to senior management and an additional 3,700,000 options to be issued to employees.

Valuation of Options

- (l) The Options (that are subject of Resolution 2 to 8 (inclusive)) are not currently quoted on ASX and as such, have no market value. Each Option grants the holder a right to subscribe for one Share upon exercise of each Option and payment of the exercise price described above. Accordingly, the Options may have a present value at the date of their grant.

The Options may acquire future value dependent upon the extent to which the market value of Shares exceeds the exercise price of the Options during the term of the Options.

As a general proposition, options to subscribe for ordinary fully paid shares in a company have value. Various factors impact upon the value of options including things such as:

- The period outstanding before the expiry date of the options;
- The exercise price of the options relative to the underlying price or value of the securities into which they may be converted;

- (iii) The proportion of the issued capital as expanded consequent upon exercise represented by the shares issued upon exercise (i.e. whether or not the shares that might be acquired upon exercise of the options represent a controlling or other significant interest);
- (iv) The value of the shares into which the options may be converted; and
- (v) Whether or not the options are listed (i.e. readily capable of being liquidated) and so on.

There are various formulae which can be applied to determining the theoretical value of options (including the formula known as the Black Scholes methodology).

The Company has sought an independent valuation of the Options from Stantons International Securities. The method used to value the Options was the Black Scholes methodology, which is the most widely used and recognised model for pricing options. The value of an option calculated is a function of the relationship between a number of variables, being the price of the underlying Share at the time of issue, the exercise price, the time to expiry, the risk free interest rate, the volatility of the Company's underlying Share price and expected dividends.

The value that the Company attributes to each Option is provided in the table above (which was obtained from an independent valuation using the Black Scholes methodology) (on page 20).

Based on assessed fair value of the Options in the independent valuation report, the Company has adopted an indicative value of \$0.1416 per Tranche 1 Option, \$0.1563 per Tranche 2 Option and \$0.1680 per Tranche 3 Option.

AASB 2 "Share Based Payments" requires that these payments shall be measured at the more readily determinable fair value of the equity instrument. Under the accounting standards this amount will be expensed in the statement of financial performance. Where the grant date and the vesting date are different the total expenditure calculated will be allocated between the two dates taking into account the terms and conditions attached to the instruments and the counterparties as well as management's assumptions about probabilities of payments and compliance with and attainment of the set out terms and conditions.

Any other information that is reasonably required by Shareholders to make a decision and that is known to the Company or any of its Directors

- (m) There is no other information known to the Company or any of the Directors save and except as follows:
 - (i) Opportunity cost
The opportunity costs and benefits foregone by the Company issuing the Options to the Directors or their nominees, is the potentially dilutionary impact on the issued Share capital of the Company (in the event that the Options are exercised). Until exercised, the issue of the Options will not impact upon the number of Shares on issue in the Company. To the extent that upon their exercise the dilutionary impact caused by the issue of the Shares will be detrimental to the Company, this is more than offset by the advantages accruing from the Company securing the services of experienced and skilled Directors on appropriate incentive terms. It is also considered that the potential increase of value in the Options is dependent upon a concomitant increase in the value of the Company generally.
 - (ii) Trading history of the Shares
As of 4 November 2020, the closing price of the Shares on ASX was \$0.23. Over the past 12 months, the 52 week high was \$0.410 per Share, and the 52 week low was \$0.065 per Share.

2. RESOLUTION 9 – ISSUE OF RESTRICTED SHARES TO STABRO KASANEVA

The Company is proposing to issue 1,000,000 Restricted Shares to Stabro Kasaneva to reward Mr Kasaneva for his past performance, and incentivise him for future performance, as Chief Executive Officer of the Company.

Listing Rule 10.11 provides that unless one of the exceptions in Listing Rule 10.12 applies, a listed company must not issue or agree to issue equity securities to:

- (a) a related party;
- (b) a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (30%+) holder in the company;
- (c) a company who is, or was at any time in the 6 months before the issue or agreement, a substantial (10%+) holder in the company and who has nominated a director to the board of the company pursuant to a relevant agreement which gives them a right or expectation to do so;
- (d) an associate of a person referred to in Listing Rules 10.11.1 to 10.11.3; or
- (e) a person whose relationship with the Company or a person referred to in Listing Rule 10.11.1 or 10.11.4 is such that, in ASX's opinion, the acquisition should be approved by its shareholders,

unless it obtains the approval of its shareholders.

The proposed issue of Restricted Shares falls within Listing Rule 10.11.1 (a related party) above and does not fall within any of the exceptions in Listing Rule 10.12. It therefore requires the approval of the Company's shareholders under Listing Rule 10.11.

Resolution 9 seeks the required shareholder approval to the proposed issue of Restricted Shares and for the purposes of Listing Rule 10.11.

If Resolution 9 is passed, the Company will be able to proceed with the proposed issue of Restricted Shares, and therefore, be able to remunerate Mr Kasaneva.

If Resolution 9 is not passed, the Company will not be able to proceed with the proposed issue of Restricted Shares, and therefore, the Company may be required to consider less cash-effective measures to remunerate Mr Kasaneva.

In accordance with the provisions of ASX Listing Rule 10.13, the Company advises that:

- (a) The proposed recipient is Stabro Kasaneva, Executive Director and Chief Executive Officer of the Company.
- (b) Mr Kasaneva satisfies Listing Rule 10.11.1 as he is a related party (current Director of the Company).
- (c) It is proposed that, subject to the approval of Resolution 9, Mr Kasaneva will be issued with 1,000,000 Restricted Shares.
- (d) The Restricted Shares will rank pari passu in all respects with all other Shares previously issued by the Company. The Restricted Shares, however, will have a voluntary escrow applied as follows:
 - (i) none of the Proposed Restricted Shares may be sold or otherwise dealt with within one year from the date of their issue (**Issue Date**);
 - (ii) 1/3 in number of the Proposed Restricted Shares may be sold or otherwise dealt with after the first anniversary of the Issue Date;
 - (iii) 1/3 in number of the Proposed Restricted Shares may be sold or otherwise dealt with after the second anniversary of the Issue Date; and
 - (iv) 1/3 in number of the Proposed Restricted Shares may be sold or otherwise dealt with after the third anniversary of the Issue Date.

The Company will apply for the Official Quotation of the Restricted Shares, on both the ASX and the TSX-V.

- (e) The Restricted Shares will be issued for nil consideration and although the value of the Company's shares on 4 November, 2020 was \$0.225 per share, the deemed value that the Company attributes to each Restricted Share will be the closing price of the Company's Shares traded on the ASX when issued.
- (f) The Restricted Shares will be issued no later than 1 month after the date of the Meeting.
- (g) No funds will be raised as a result of the grant and issue of Restricted Shares. The purpose of the issue of Restricted Shares is to remunerate and incentivise Mr Kasaneva in his role as Chief Executive Officer of the Company.

- (h) The current total remuneration package per annum of Mr Kasaneva is:

Director	Salary/Director fees	Total deemed value of proposed Restricted Shares grant
Stabro Kasaneva	US\$355,127 *	A\$225,000 **

* Mr Kasaneva's remuneration is shown in equivalent USD paid in 2019 and is paid in Chilean pesos but with no foreign exchange adjustment clause. Mr. Kasaneva is also eligible for a performance bonus.

** Based on value of the Company's shares on 4 November, 2020 which was \$0.225 per share. The deemed value that the Company attributes to each Restricted Share will be the closing price of the Company's Shares traded on the ASX when issued.

- (i) None of the Restricted Shares are being issued under an agreement.
- (j) A Voting Exclusion Statement relating to Resolution 9 is provided in Section 3 above.

Board Recommendation: The Directors (with Mr Kasaneva excluded) recommend that Shareholders vote in favour of Resolution 9.

9. Disposal Restrictions

9.1 Except where either an Option or Restricted Stock Unit may be transferred in accordance with the Rules, an Option or Restricted Stock Unit (and any interest therein):

- (1) is personal to you or your nominated holder of the Option or Restricted Stock Unit (each a **Security Holder**);
- (2) may not be exercised by any person other than the Security Holder; and
- (3) may not be Disposed of, or any Security Interest granted or created over it or otherwise dealt with by any person other than the Security Holder.

Any exercise or purported exercise of any right attaching to an Option or Restricted Stock Unit by any person other than the Security Holder, or any Security Interest granted or created, or any disposal or dealing by any person other than the Security Holder or anyone else in contravention of this restriction, will not be recognised in any manner by the Company.

9.2 For the purposes of this Letter of Offer, the following Buyback Events will apply to [each/## per cent.] of the Securities that are the subject of the Offer as set out in this Letter of Offer:

- (1) ###;
- (2) ###;
- (3) ###,

(each for the purposes of this Letter of Offer, a Buyback Event).

9.3 Subject to the provisions of Rule 5.2(5), Rule 5.2(6) and Rule 11.4(2)(a) of the Plan, a Share acquired as a result of the exercise of an Option or the Conversion of a Restricted Stock Unit must not be sold, transferred or otherwise Disposed of:

- (1) before the first anniversary of the date of issue of that Share; and
- (2) if doing so would, if applicable to the Company, result in a breach of or non-compliance with, the Listing Rules, the ASX Settlement Operating Rules of ASX Settlement Pty Ltd ACN 008 504 532 (if applicable) or any other Applicable Law, the Company's Securities Trading Policy or the provisions of any restriction agreement with the Company or you.

9.4 Without limitation to the provisions of Rule 9.2 or Rule 9.3, upon the occurrence of a Buyback Event, the Participant must Dispose of any number of Securities that are the subject of this Letter of offer, or of any share that that Participant has acquired as a result of the exercise of any right attaching to that Security, in accordance with the written instructions of the Plan Committee, including the Disposal of that Security to the Company or any other member of the Group, or to any other person that the Company directs.

9.5 Without limitation to the provisions of Rule 10, a Holding Lock may be applied over a Security in order to enforce any of the provisions in this clause 9.

10. Other terms and conditions

10.1 An application in response to the Offer must be accepted by the Board or the Plan Committee acting on behalf of the Board, before the Security Holder will become entitled to be a Participant.

10.2 To the extent of any inconsistency between on the one hand, the provisions of this letter of invitation and the Offer, and on the other, the Rules, the latter will be paramount.

- 10.3 Any or all of these terms and conditions of this letter of invitation, the Offer and the Rules may be amended unilaterally by resolution of the Board or the Plan Committee where the Board or the Plan Committee considers it reasonably necessary to do so, unless such amendment materially and adversely affects a right of the Security Holder pursuant to this Letter of Offer, the Offer and the Rules. The Security Holder will be notified of any amendment to any term or condition of the Rules.

11. Tax

- 11.1 The Company recommends and advises that you consult your taxation or financial adviser in relation to the taxation implications of participating in the Plan. The tax considerations outlined below are general in nature and do not take into account your specific taxation circumstances. Those taxation consequences of your acceptance of the Offer and participation in the Plan may vary depending upon your particular circumstances. Accordingly, you should seek your own independent taxation advice before applying to participate in the Plan.
- 11.2 The following analysis is based on the law in force, and administrative practice of the Commissioner of Taxation (**Commissioner**), as at ##, 2020. Changes to the law or the way the Commissioner administers the law may result in different tax treatment of any of the Securities that are the subject of an Offer. You should be aware that the ultimate interpretation of the taxation law rests with the courts.
- 11.3 The following analysis assumes that you are, and will remain, an Australian resident for taxation purposes. You should note that there are particular taxation consequences for non-residents or for residents whose tax residency status changes.

Employee Share Scheme Provisions

- 11.4 The employee share scheme provisions in Division 83A of the *Income Tax Assessment Act 1997* (**Tax Act**) will have application to Securities granted to the Security Holder under the Plan. In addition Capital Gains Tax (**CGT**) may also be payable on the sale or exercise of any rights attaching to of any Securities that a Security Holder sells or otherwise Disposes of.
- 11.5 Broadly, under Division 83A of the Tax Act, where the Security Holder acquires a right to acquire a beneficial interest in a Security under an employee share option scheme, the assessable income of the Security Holder will include and be increased by any 'discount' from the market value of that Security as determined on the date on which the Security Holder is granted the Security (**Discount**). Given that the Security Holder will not be required to pay any consideration for the grant of the Security, the Discount will be equal to the value of the Security, determined on the date of its grant or issue. That value will, in turn, be a function of the duration of the Exercise Period of the Security and the difference between the stated Exercise Price or, as may be applicable, the Conversion Price, of the Security and the value of a Security at the date of its grant or issue.
- 11.6 If the Security Holder does not meet the conditions for tax deferral, the Security Holder is likely to be taxed on the value of its Security in the income year in which they are granted or issued.

12. Financial advice

Any advice given by or on behalf of the Company in connection with this letter of invitation or the Offer is general advice only. The Security Holder should consider obtaining its own financial advice from an independent person who is licensed by the Australian Securities and Investments Commission to give that advice.
